This Front Matter is brought to you for free and open access by the Iowa Academy of Science at UNI ScholarWorks. It has been accepted for inclusion in Proceedings of the Iowa Academy of Science by an authorized editor of UNI ScholarWorks. For more information, please contact scholarworks@uni.edu.

Program of Section Meetings and Table of Contents

Botany

<i>Foliar organization and vascularization of Tolmiea menziesii (Prush).</i> Robert B. Wylie.....	149
<i>Vein length per unit area of blade in native grasses.</i> Robert C. Lommason.....	131
<i>Effect of light on structural modifications in the endodermis of potato, Solanum tuberosum.</i> Frank D. Venning, Iowa City	
<i>The genus Setaria in Iowa.</i> Richard W. Pohl, Ames	
<i>The flora of Dickinson County, Iowa, as represented in the Iowa Lakeside Laboratory Herbarium.</i> Martin L. Grant.....	91
<i>The genus Climacium in Iowa.</i> Bernard Lowy, Iowa City	
<i>Mosses in liquid air.</i> John Morrill, Grinnell	
<i>Areal production samples of native food plants of waterfowl.</i> Ada Hayden, Ames	
<i>The adaptability of several historical techniques to the preparation of P³² radioautographs from plant tissue.</i> Wayne J. McIlrath.....	135
<i>Somatoplastic sterility in Zea.</i> John E. Sass and G. F. Sprague, Ames	
<i>The sequence of the formation of sugars in soybean leaves.</i> S. Aronoff and L. Vernon, Ames	
<i>Effects of wave length bands of filtered light on germination of seed of Poa pratensis.</i> Louis N. Bass.....	61
<i>Secondary plant succession on an eroded Lindley soil as effected by variations in cultural treatment.</i> Clair L. Kucera and J. M. Aikman, Ames	
<i>Some responses of black locust to planting-site treatment.</i> George R. Cooper and J. M. Aikman.....	73
<i>Iowa Boletes.</i> Sister M. Cecilia Bodman, Iowa City	
<i>Further study of the myxomycetes of Henry County, Iowa.</i> Keith Shaver and Jean Morrow.....	141
<i>Lophotrichus as a cellulolytic genus.</i> Thomas J. Bulat.....	143

Inorganic and Physical Chemistry

<i>Spectrophotometric study of bromine iodide in carbon tetrachloride solution.</i> Alexander I. Popov, Keith C. Brinker, Louis Campanaro, and Robert Rinehart, Iowa City	
<i>The crystal structure of NaAlCl₄.</i> Norman C. Baenziger, Iowa City	
<i>The structure of dimethylberyllium.</i> A. L. Snow and R. E. Rundle, Ames	
<i>The adsorption separation of zirconium and hafnium.</i> Robert S. Hansen, Keith Gunnar, Alfred Jacobs, and C. Robert Simmon, Ames	
<i>The anharmonicity constant and chlorine molecule.</i> George Glockler and A. E. Walz, Iowa City	
<i>The tetramethylplatinum-benzene complex.</i> Jeanne H. Goring and R. E. Rundle, Ames	
<i>Some properties of a binary system: (I) tertiary butyl alcohol-water; (II) tertiary butyl alcohol-acetamide.</i> Ben H. Peterson, Russell Ring, and Betty Navratil, Cedar Rapids	
<i>A simplified gravimetric method for determination of gas adsorption.</i> Robert S. Hanson and Walter V. Fackler, Jr., Ames	
<i>The structure of lanthanum sulfate emihydrate.</i> Elton E. Hunt and R. E. Rundle, Ames	
<i>The kinetics of the addition of bromide to tiglic and angelic acids in carbon tetrachloride solutions.</i> Robert J. Smith, Gene V. Mock, and Robert E. Buckles, Iowa City	
<i>The conductivity of complexes formed by the interaction of highly arylated ethylenes and bromine.</i> Robert E. Buckles and Norman A. Meinhardt, Iowa City	
<i>The relationship between ionization potential and polarizability.</i> William K. Plucknett, Ames	
<i>The heat of formation of thorium tetrachloride.</i> LeRoy Eyring and W. F. Westrum, Jr., Iowa City	
<i>Interaction between proteins and chloride ion.</i> Charles Tanford.....	225
<i>The heats of dissociation of the halogens.</i> George Glockler, Iowa City	
<i>Basic concepts and equations in surface thermodynamics.</i> Robert S. Hansen, Ames	
<i>Vinyl plastics as materials of construction.</i> Karl Kammermeyer.....	171

Performance of an agitated liquid-liquid extraction column. K. T. Lee and J. O. Osburn, Iowa City

Organic and Biological Chemistry

- The preparation of quinuclidines.* Stanley Wawzonek, Manno F. Nelson, and Paul J. Thelen, Iowa City
- The formation of morpholine thiosulfate from morpholine and sulfur.* Edward M. Peters and Walter T. Smith, Jr. 211
- The silver salt degradation of silver tert.—butylacetate.* Walter T. Smith, Jr., and Robert L. Hull, Iowa City
- Enzymic synthesis of some benzoyl amino acid anilides.* Milton Winitz and Sidney W. Fox, Ames
- Effect of iodinated casein and thiouracil on the concentrations of carotene and vitamin A in the blood of dairy calves.* R. S. Allen, G. H. Wise, and N. L. Jacobson, Ames
- Mechanism of salivary amylase action.* John H. Pazur, Dexter French, and Doris W. Knapp 203
- Exploratory studies on the constituents of scoparia dulcis (linn.).* Walter M. Budde and R. L. Shriner 161
- Chemical evidence for bound ascorbic acid in liver tissue.* W. N. Summerwell and R. R. Sealock, Ames
- The action of the antipernicious anemia vitamin, B₁₂, in tyrosine metabolism.* R. R. Sealock and Mei Wu, Ames
- Effect on growth and efficiency of food utilization of quantity of protein and vitamin B₁₂ supplementation.* Edmund Wei Cheng and Byron H. Thomas, Ames
- The Huggins test for cancer and related blood protein determination.* Hjalmer V. Peterson 215
- The addition of the elements of bromine chloride to carbon-carbon double bonds.* Robert E. Buckles and John W. Long, Iowa City
- A comparison of the reactions of n-bromoacetamide and n-bromo-succinimide with olefins.* Robert C. Johnson and R. E. Buckles, Iowa City
- The decomposition of fatty acids by silica-alumina catalyts.* David Mooberry and Joseph D. Danforth, Grinnell

Geology

- Additional notes on the position of the Independence shale of the Iowa Devonian.* M. A. Stainbrook 293
- Species and type specimens.* L. A. Thomas, Ames
- An Upper Silurian vertebrate horizon.* G. M. Robertson 271
- Some notes on the glacial geology of Drake Quadrangle, North Dakota.* L. F. Jenkinson 259
- Petrographic notes on the loesses of the Des Moines Drift Lobe.* R. V. Ruhe 277
- Origin of certain zonal structures in plagioclase feldspars.* J. J. Runner, Iowa City
- Glaciated surfaces in central Iowa.* C. S. Gwynne 245
- Causes of differences in soil series of the Missouri River bottomlands of Monona County.* J. E. McClelland, E. M. White, and F. F. Riecken 253
- Some observations on Paha loess in Iowa.* Wayne Scholtes and Guy Smith 283
- Drainage patterns on the margin of the Des Moines lobe in Calhoun and Sac Counties.* C. A. Balster, Ames
- Mass-wasting on Table Mountain, Fremont County, Colorado.* K. M. Hussey and C. J. Roy, Ames
- The Pleistocene of Nebraska.* A. L. Lugn, Lincoln, Nebraska
- Pumping tests at wells in Iowa.* R. M. Jeffords, Iowa City
- Recent trends and future opportunities in research:*
Paleontology and Stratigraphy. A. K. Miller, Iowa City
Geomorphology and Glacial Geology. A. C. Trowbridge, Iowa City
Sedimentation and Sedimentary Petrology. A. C. Tester, Iowa City

Mathematics

- Early history of the Iowa section.* R. B. McClenon, Grinnell
- Bounds for the derivatives of the solution of the Neumann problem.* C. G. Maple 301
- Note on Levinsons' existence theorem for forced periodic solutions of a second order differential equation.* C. E. Langenhop, Ames

<i>A potential problem involving infinite determinants.</i>	D. Kirkham, Ames	
<i>Elastic deflection of a split ring.</i>	E. W. Anderson, Ames	
<i>Functional equations, generalized logarithms, commutative functions.</i>	H. P. Thielman, Ames	
<i>Use of complex variable in plane rigid motion.</i>	Professor L. R. Ford, Illinois Institute of Technology. (Invited address)	
<i>Bernoulli numbers.</i>	R. B. McClenon	315
<i>Measures for predicting calculus achievement.</i>	O. C. Kreider	321
<i>Note concerning the coefficients of the moments of the Bernoulli distribution.</i>	Dorothy DeWitt, Cedar Falls	
<i>Note on a theorem of Miquel.</i>	R. Woods, Iowa City	
<i>On the stochastic independence of a ratio and its denominator.</i>	R. V. Hogg, Iowa City	
<i>Some properties of quotients of additive set functions.</i>	E. W. Chittenden, Iowa City	
<i>On the transcendence of e^x.</i>	Ta Li, Des Moines	
<i>Constant rank matrices.</i>	H. D. Mills, Ames	
<i>Panel Discussion.</i>		
<i>The Teaching of College Algebra and Trigonometry.</i>	J. V. McKelvey, H. Van Engen, H. Vernon Price, Viola Smith, L. W. Swanson	

Physics

<i>The synchrotron and its use.</i>	D. J. Zaffarano, Ames	
<i>The application of some geophysical techniques to Iowa geological problems.</i>	A. R. Kassander, Ames	
<i>The teaching of the history of physical science.</i>	J. M. Jauch, Iowa City	
<i>Potential flow into perforations in a cylindrical tube.</i>	G. O. Schwab and Don Kirkham, Ames	
<i>Evidence for the formation of Ce^{139} by an n-γ reaction.</i>	A. J. Moses and D. S. Martin, Ames	
<i>Single crystals of boron.</i>	E. J. Huibregtse, Ames	
<i>Structure of $BaTiO_3$.</i>	E. G. Grimsal	331
<i>Diamond conduction counters.</i>	R. K. Willardson	337
<i>Ring focusing in a thin lens magnetic beta-ray spectrograph.</i>	W. W. Pratt, Ames	
<i>Applications of photographic emulsions to nuclear physics.</i>	W. F. Fry, Ames	
<i>Methods of measuring the thickness of thin metal films less than 1000\AA thick.</i>	Van W. Bearinger, Ames	

Psychology

<i>Differential interests of agricultural college students as measured by the Kuder Preference Record.</i>	John A. Bath	347
<i>Statistical versus intuitive confidence.</i>	Edward A. Bilodeau, Iowa City	
<i>A method for measurement of perception time on the highway.</i>	Donald H. Hoppe	387
<i>Factorial study of speed of response in simple cancellation tasks.</i>	Dale W. Dysinger	373
<i>An apparatus for measuring reaction time under driving conditions.</i>	R. N. Kjerland, A. R. Lauer	391
<i>Motor responses as a function of type of conflict.</i>	Burton G. Andreas, Iowa City	
<i>A forced-choice rating scale for college instructors.</i>	George D. Lovell	399
<i>"Single-trial-per-task" versus "Multiple-trial-per-task" in the acquisition of skill in performing several similar tasks.</i>	Dorothy McAllister	407
<i>A comparison of attitude scores made on the Conover Attitude Inventory before and after a course in driving.</i>	Raymond J. Agan	357
<i>A comparison of avoidance and non-avoidance eyelid conditioning.</i>	Frank A. Logan, Iowa City	
<i>Changes in vision as a result of hypnotic age regression.</i>	Duane Black and William H. Roberts	425
<i>Development of a test of aptitude for veterinary medicine.</i>	William A. Owens	417
<i>Changes in farm life which influence the preparation of teachers for rural communities, or A comparison of the socio-economic status of rural farm youth attending school at various grade levels.</i>	William Dreier	367
<i>Reliability of the O'Connor Block Test.</i>	Richard H. Bunch, R. N. Kjerland, and A. R. Lauer	391

<i>An empirical study of scoring methods for the Conover driving attitude inventory.</i> T. E. Hannum, A. R. Lauer, Gerald C. Helmstadter, and David H. Soule	385
<i>Effect of shock on performance in a paired-associate learning task.</i> Eli Saltz	429
<i>Analysis of differences in methods of scoring and evaluating certain attitude scales.</i> T. E. Hannum, A. R. Lauer, Gerald C. Helmstadter, and David H. Soule, Ames	
<i>Relation of the Fritz-Neidt practical policy test to freshman entrance tests.</i> Martin F. Fritz	379
<i>Differential responses of veterinarians to the strong vocational interest blank for men.</i> Thomas E. Hannum.....	381

Science Teaching

<i>A study of the relationships between secondary school science and the contemporary culture pattern 1918-1940.</i> James V. Farrell, Cedar Falls	
<i>The effectiveness of experienced and inexperienced teachers as shown by student achievement.</i> Orlando C. Kreider.....	327
<i>Science teachers change science curriculum at Iowa State College.</i> John A. Greenlee, Ames	

Zoology

<i>Recent nesting of the American egret in Iowa.</i> James Hodges.....	461
<i>Contributions to the ornithology of the Upper Mississippi Valley, Part I. An unpublished list of the Davenport, Iowa, vicinity.</i> James Hodges.....	457
<i>Mortality according to age in young ducks infected with plasmodium lephura.</i> E. R. Becker.....	435
<i>Some effects of temperature on the rates of embryonic, postembryonic and adult growth in Hyalella asteca.</i> (by title) E. C. Bovee.....	439
<i>Home range of the southern woodchuck.</i> R. F. Trump.....	537
<i>Population of a colony of Formica rufa melanotica.</i> Robert L. King and Francis Walters.....	469
<i>Activity periods of some Clear Lake, Iowa fishes.</i> J. C. Sieh and J. Parsons, and Dr. H. M. Harris.....	511
<i>The action of sodium azide upon the oxygen uptake of mitotically active and blocked embryos.</i> J. H. Bodine, Iowa City	
<i>Some palaeocological speculations regarding the earliest vertebrates.</i> George M. Robertson.....	491
<i>The effect of thiouracil on the Golgi apparatus of the thyroid gland of the white rat.</i> Ralph Shepherd.....	505
<i>A key to the Iowa ostracods.</i> (by title) William Danforth, Los Angeles, California	
<i>Intranasal Newcastle disease virus vaccination of baby chicks infected with Ascaridia galli.</i> Dr. O. H. Peterson and Dr. K. B. Kerr.....	483
<i>Experiments on the chemotherapy of blackhead in turkeys.</i> Neal F. Morehouse and W. C. McGuire.....	475
<i>Notes and new records of Iowa hemiptera (heteroptera).</i> James A. Slater.....	519
<i>A wasp with three pairs of wings (hymenoptera; ichneumonidae).</i> Mr. Jean L. Laffoon.....	467
<i>The professional status of the biologist.</i> Frank M. Semans.....	499
<i>Observations of predators of European corn borer eggs.</i> Richard C. Froeschner.....	445
<i>Rattlesnake stories.</i> J. M. Lindly, Glenwood	
<i>A preliminary list of the dytiscidae (coleoptera) known to occur in Iowa.</i> J. C. Schaffner and D. D. Millspaugh.....	531
<i>A preliminary list of the rhagionidae (diptera) known to occur in Iowa.</i> Keith Rhodebeck and D. D. Millspaugh.....	529
<i>A preliminary list of the tabanidae (diptera) known to occur in Iowa.</i> Keith P. Sutton and D. D. Millspaugh.....	535
<i>A preliminary list of the buprestidae (coleoptera) known to occur in Iowa.</i> Edwin S. Kajihiro and D. D. Millspaugh.....	541
<i>A preliminary list of the calliphorinae (diptera) known to occur in Iowa.</i> Carl M. Yoshimoto and D. D. Millspaugh.....	545
<i>Proboscidian remains found in Henry County, Iowa.</i> Keith P. Sutton.....	533
<i>The value of data from four Iowa quail seasons.</i> M. E. Stempel.....	523
<i>Use by fish of the modified Deuil Fishway in the Des Moines River.</i> Harry M. Harrison.....	449
<i>A muscle anomaly in the cat.</i> Robert H. La Blanc.....	465
